May 1978

Dear Members,

Summer is almost with us, we don't know what happened to Spring. To take advantage of the warm, light, evenings and the promise of good weather, we have concentrated in our programme for the next few months on barbecues, walks and picnics. Also, since they have proved popular in the past, we are experimenting with two extra Summer events this year: the usual picnic at the Umiken Swimming Pool and a Saturday afternoon family walk. Do come along and support your club.

Best wishes,

Mike Lewis

Dr. Ernst Jenny: The Gothic Church of Königsfelden Abbey

Dr. Jenny will talk about the eleven stained glass windows made between 1325 and 1330 to be found in the chancel of the Gothic church in the park of the former Franciscan Abbey of Königsfelden (a psychiatric hospital for about the last hundred years). Dr. Jenny (a director of Brown Boveri), a member of the Baden Museum Committee, is an authority on these famous windows.

We meet at 2.15 p.m. by the fountain in front of the main building of Königsfelden. Bring the family - the church is in a park where younger children can play in safety. There is adequate parking across the road from Königsfelden outside the Windisch Technical School (HTL).

Afterwards we adjourn to Habsburg castle, now an inn. There is a terrace with a good view where we can imbibe if the weather is fine, otherwise we can sit inside (and imbibe).

***** AN EXTRA CLUB SUMMER EVENT *****

FAMILY WALK AND BARBECUE

Summer events appear to be popular so, as an experiment, we are organising an extra summer event this year for the whole family.

Meet at BADEN BAHNHOF OBERSTADT at 14:00 h. Note this is not the Baden Hauptbahnhof. We shall then walk to the Herzogshütte, it is an easy walk even for small children. There we'll light up the barbecue.

Bring what you want to grill and to drink. There is no restaurant.

September 1978

The club programme for the second half of the year has now been planned. Due to a last minute cancellation of the talk on Ireland, we have had to organise another event at short notice. We have chosen another games evening. The team games at the beginning of the year were very popular, so we intend to follow a similar format, but with different competitions of course.

We are particularly pleased to present two forthcoming events, the talk on China and the Greek evening. Mr. Werder, our guest speaker on China, has only just returned from working in Peking. He should be able to give us an up-to-date account of a country which has seen such great changes in the last few years. The Greek evening is a joint event. It is being organised for us by a local Greek society and their members will also attend to join in the music and dancing.

We hope the programme appeals to you - your criticism and suggestions are always welcome.
